

KUMON OF GILBERT

To help you plan for your child's continued success in the Kumon program, we are providing this Kumon Calendar for your reference. This calendar lists the days when your Kumon Center will not hold classes. For your convenience, your Gilbert Kumon Center follows the Gilbert Unified School District calendar.

Kumon study is built on discipline, therefore students are assigned homework even during "no class days", unless the parent requests otherwise.

To communicate your vacation plans with your Instructor, please use the Advance Absence Notification form.

About Absences -

- There are no make up sessions in Kumon. If your child will be absent, call the center to arrange for homework pick up.
- Short breaks are better than long breaks. Long breaks tend to erode progress.
- Vacations with homework need to be communicated in advance in order for the Instructor to plan accordingly.
- All vacations, breaks, and absences need to be communicated to the Instructor using the Absence Notification form.
